## About **INDUSTRY**

### **India – the Huge Potential**

Over the past few years, Industrial Tools & Power Tools have gained acceptance across all major verticals including construction, industrial, and automotive. Further, to fulfill the continuously growing demand for power tools in the country, manufacturers are coming up with innovative products which offer application-specific industrial tools & power tools as per end user requirements.

The power tools market is anticipated to reach over INR 150 billion by FY'2021 due to PPP investment in smart cities in the country, increase in penetration rate of power tools in Tier 2 and 3 cities and rising number of international companies in the country, according to a research report.

The industrial fasteners market is expected to reach a value of INR 7,706 Bn by 2023, expanding at a CAGR of 6.5% from 2018. Rising demand for fasteners in the automotive industry, coupled with an increase in construction and manufacturing spending in emerging countries, is expected to drive the demand for industrial fasteners during the forecast period.

The Indian imports grosses to US\$ 313 mn. Worth Hand Tools & Power Tools and US\$ 951 mn. Worth Fastener and thereby provides boundless business opportunities for Investors from the country as well as overseas in these segments.
