▮ About Industry

India – the Huge Potential

Over the past few years, Industrial Tools & Power Tools have gained acceptance across all major verticals including construction, industrial, and automotive. Further, to fulfill the continuously growing demand for power tools in the country, manufacturers are coming up with innovative products which offer application-specific industrial tools & power tools as per end user requirements.

The power tools market is anticipated to reach over INR 150 billion by FY'2021 due to PPP investment in smart cities in the country, increase in penetration rate of power tools in Tier 2 and 3 cities and rising number of international companies in the country, according to a research report.

The industrial fasteners market is expected to reach a value of INR 7,706 Bn by 2023, expanding at a CAGR of 6.5% from 2018. Rising demand for fasteners in the automotive industry, coupled with an increase in construction and manufacturing spending in emerging countries, is expected to drive the demand for industrial fasteners during the forecast period.

!About Hand Tools and Fastener Expo_____

The HAND TOOLS AND FASTENER EXPO (HTF), the India's only dedicated B2B exhibition for High-end Hand Tools, Power Tools, Fasteners & Specialty Tools etc. The 18th edition of HTF series of exhibitions successfully took place from Sept. 20-22, 2019 at Bombay Exhibition Centre, Mumbai, India. The well-established event was the confluence of the national & international manufacturers and key personnel from the industries with special focus, Distributors/Retailers, Importers/Exporters, Industrial Suppliers etc. The exhibition provided an excellent platform to establish crucial connections in Manufacturing Supply Chain across Various Sectors including Automobile & Auto Service, Heavy Engineering, Fabrication, Construction & Infrastructure, Woodworking & Furniture, Gardening & Horticulture, Aviation etc.

The event was organized by Hyve India Private Limited , which is a part of Hyve Group Plc, UK and supported by the reputed industry associations; 'Ludhiana Hand Tools Association', 'Fastener Manufacturers Association of India (FMAI)', 'Taiwan External Trade Development Council (TAITRA)' and the 'World Metal Forum'.

The show featured a comprehensive product range from the market leaders of India and abroad with exclusive country pavilions from China and Taiwan. Along with the concurrent events for Manufacturing, Engineering, Fabricating & allied Industries, the expo provided an excellent platform to explore new products, networking opportunity with industry leaders, find new suppliers, dealership opportunity and lead generations for product sales. The encouraging feedbacks from the participants point to a bigger show in the coming edition.
